

# Your vote -

# Is it safe??

***REMEMBER FLORIDA IN 2000? OHIO IN 2004?***

Right now, officials with Onondaga County are making decisions on what kind of machines we will use to count YOUR vote. Will they choose a company that's more worried about their profits than your vote? Will you know if your vote is even counted?

Two types of machines are being considered—touch screens are one. The other is marked by hand or ballot marking device for the disabled which will be counted by paper ballot/optical scan machines.

New touch-screen voting machines may look high tech and futuristic, but many experts say they can't be trusted. With a paper ballot, you can be sure.

We need you! to send a message to our county officials that our vote needs to be counted!

*Contact YOUR County Legislator and County Executive Nicholas Pirro and tell them that you want your vote to count! We want a paper ballot/optical scan!*

*For more information, go to [www.lwvny.org](http://www.lwvny.org) or [www.nyvv.org](http://www.nyvv.org)*

## YOUR VOTE SHOULD COUNT!

**MAKE SURE YOU CONTACT YOUR COUNTY LEGISLATOR TOO!**
