

Air *Democracy Now!* on WAER

We the undersigned WAER (Jazz 88.3) listeners, members, and supporters request that WAER broadcast the award winning news program, *Democracy Now!*. Airing *Democracy Now!* will compliment WAER's current programming and provide an edge over local competition as well as satisfy a growing public desire for independent news.

Many other Upstate NY stations now broadcast *Democracy Now!* including WRPI in Troy, WEOS in Ithaca and Geneva, WHRW and WSQX in Binghamton, and WHLD in Buffalo. Nationwide, over 120 stations, including numerous National Public Radio affiliates, have expanded their listener base and membership by carrying *Democracy Now!*. We are confident that *Democracy Now!* will similarly increase WAER's audience and membership.

Sincerely,
