

To Our Members of Congress:

We, the undersigned, urge you to sign on to this bipartisan, bicameral legislation to ensure that President Donald Trump cannot attack North Korea without the approval of Congress by prohibiting any expenditure of funds for such a strike. Congressman John Conyers, Jr. and Senator Edward J. Markey led more than 60 members of Congress in introducing The *No Unconstitutional Strike Against North Korea Act of 2017*. The bill restricts funds available to the Department of Defense or to any other federal department or agency from being used to launch a military strike against North Korea without the prior approval of Congress or the imperative to respond to an attack against the United States or its allies.

This legislation would ensure no funds are used to launch an unconstitutional strike that experts say would lead to catastrophic war on the Korean Peninsula
